United Way continues to fund programs in education, financial stability, and health and safety, and will continue to support our long-term traditional partner agencies. In addition, we are asking them to create programs addressing issues of childhood hunger. With the majority of programs aimed at one priority target, our community can live united to give kids an opportunity to reach their fullest potential.

LIVE UNITED

Education

United Way of the Ouachitas is working at critical points along the school spectrum to help children achieve their potential through education. We are engaging the community to support youth by volunteering, mobilizing resources to improving access to quality affordable child care and early learning opportunities, partnering with local schools and parents to improve graduation rates, providing after-school and other programs for at-risk youth
